

Mountain Land Physical Therapy Cuts Overtime Costs and Elevates Clinician Satisfaction with Sidekick AI Scribing

"Clinicians have gained better work-life balance and improved mental well-being. We're seeing 50-75% time savings on initial evals and 25-50% on daily notes." -Madison Splan, Director of Operations

Objectives:

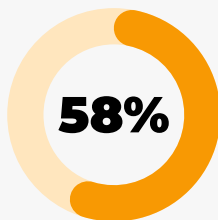

- Improve productivity without overburdening clinicians
- Reduce AR aging
- Recruit and retain more PTs
- Reduce overtime expense

Solution: Sidekick AI Scribing

Mountain Land Physical Therapy reviewed all the major AI scribing vendors in the market, and selected Sidekick for its:

- Competitive price/user
- The ability to pilot the solution first
- The flexibility to scale user licenses without limits

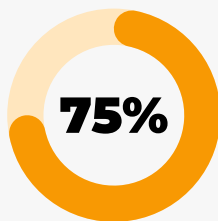

Results

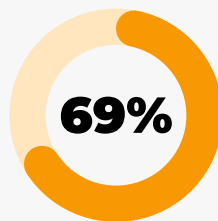

Reduction in weekly overtime

Saved in monthly overtime cost

50%-75% less documentation time

Reduction in time-to-sign-off
