

# RehabVisions Lightens the Documentation Load with Sidekick AI Scribing

***“This is one of the best customer service experiences I’ve ever had. “It’s very easy to use. It has all the features to help us improve our process and not create more burden—but actually lessen it.”***

-Brenda Kemling, PT, DPT, OCS  
Director of Operations

## Results

- Lifted documentation burden for therapists who excel at documentation
- Serves as support and accountability for therapists struggling with documentation
- Elevated the standard of documentation
- Faster turnaround time for billing specialists

**Read  
RehabVisions's  
Story**

## Objective:

- Solve the documentation burden for clinicians who were spending hours at home documenting
- Help clinicians who were falling behind in their documentation catch up
- Improve compliance quality, and reduce audit failure risk

## Solution: Sidekick AI Scribing

RehabVisions wanted a partner that:

- Could simplify their workflows
- Would improve compliance
- Is rehab therapy specific
- Is supported by clinicians

Sidekick AI scribing checked every box!

**“Since I’ve started using Sidekick, those are probably some of the best goals I’ve ever had in my documentation.”**

-RehabVisions Clinic Manager
